RE: Draft Final Proposed Plan IR Site 07 (Calf Pasture Point)
NCBC Davisville, Rhode Island
Submitted 2 July 1997, Dated July 1997

Dear Mr. Otis;

The Rhode Island Department of Environmental Management, Office of Waste Management has reviewed the above referenced document which responds to our 28 May 1997 comments and finds it acceptable except as noted below:

Paragraph 1, Sentence 4, Column 2, Alternative 2: Institutional Controls - Please revise this sentence to indicate that RIDEM sends a concurrence letter for the ROD, it does not sign it as currently stated in the PRAP. In addition, please state that if shoreline sediment samples are warranted they would also be obtained. The current wording seems to indicate that only interior wetland sediment samples would be obtained.

If you have any questions or require additional information please call me at (401) 277-3872 ext. 7138.

Sincerely,

Richard Gottlieb, P.E.
Principal Sanitary Engineer
